A full-page advertisement for Aldo shoes. The background is a solid, vibrant yellow. In the center, a woman's legs are shown from the mid-thigh down to the feet. She is wearing a dark blue, textured skirt. Her legs are crossed at the ankles. She is wearing light beige or tan high-heeled sandals with multiple thin straps across the foot and up the leg, each secured with a small silver-toned buckle. The heels are thin and black. The word "ALDO" is printed in large, bold, magenta capital letters across the middle of the image, partially overlapping the woman's legs. Below the brand name, the hashtag "#PERFECTPAIR" is written in a smaller, bold, magenta font. In the bottom right corner, the website "ALDO SHOES.COM" is displayed in a smaller, bold, magenta font.

## What's the best beauty advice your mom ever gave you?

"Less is more. The natural look is always better."

—Jessica Sharp Reams via Facebook

—Christina Simms via Facebook

## ASK A STAR!

**Kate Hudson** has done that sporty-but-never-sloppy thing in spades—so much so that she made a second career of it: co-founder of athleticwear brand Fabletics! We asked her:

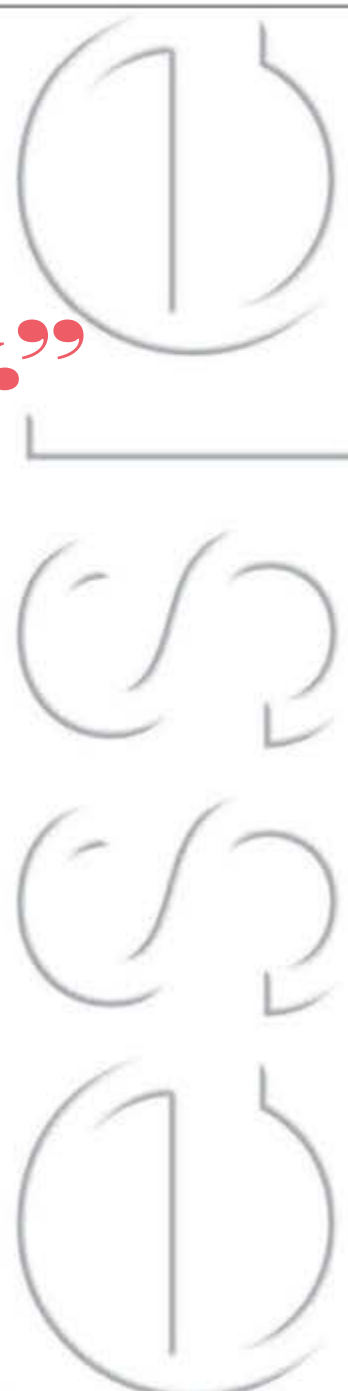

How do you transition your gym clothes into a totally cute, camera-ready look?

“

It's as simple as changing a shoe. Right now, I'm wearing a tee and mesh shorts with moccasins. Or with colorful leggings, it's so easy to add a pump and a lightweight sweater. I'm a mom and my life is active—I do a lot of things in a day, and I end up wearing my workout clothes the whole time. That's actually why I co-founded Fabletics!”

the pairs of pots stack on top of each other

# 1

## TOM FORD'S HANDY 2-IN-1 SHADOWS

Just as easy as they are sexy, these duos include a metallic cream and a shimmery powder. Try one at a time, or for a more dramatic, long-lasting look, glide the cream across eyelids and top off with a smudge of powder.

Jennifer Lopez

## MATCHY-MATCHY MAKEUP

It's having a moment—just take it from J.Lo! She recently wore similar copper shades on her eyes, lips and nails for a trifecta of gorgeousness. To get the look, opt for an earthy shade that will work on all three features.

# 2

## A FASHION INSIDER'S CAREER SECRETS

You might think you know @DKNYPRGRL, but the social media guru behind the crazy-popular Twitter account has so much more to share. Aliza Licht's first book is a compilation of all her fashion biz know-how, from no-nonsense professional advice to smart personal-style pointers.

*Leave Your Mark: Land Your Dream Job. Kill It In Your Career. Rock Social Media.* by Aliza Licht; Grand Central Publishing, \$26 (May 5); amazon.com

# 3

## COLOR BLOCKING... ON YOUR FEET!

Fashiony girls-about-town are bringing their colorblocking game to a whole new level by pairing two-toned socks with two-toned heels for one cool look. Tips: Choose thinner socks to avoid uncomfortable bulk, and for maximum impact, go for bold, contrasting hues.

On the street in Milan.

## ZAC'S VINO

Just in time for white-wine-drinking weather, designer Zac Posen dreamt up this pretty Pinot Grigio bottle packaging. "I pulled from a fabric I did a few seasons ago that reminded me of the wine's bright, floral taste," says the designer. Also an accomplished Insta-chef (see: #cookingwithzac), he recommends pairing it with "pasta with zucchini, yellow tomatoes and sweet peas."

**IT'S THAT WORTH IT.**

Growing up in *Texas*, I didn't give *sun safety* much thought. Given my Latina heritage, my skin never burned and I assumed I wasn't at risk.

Today I know that sun exposure doesn't discriminate against *skin color* and can cause *dryness, brown spots, wrinkles*, and worst of all, *melanoma*—the deadliest form of skin cancer and one of the *most common* cancers among women under 40.

So applying sunscreen throughout the day is my daily ritual. And it should be yours, too.

I also support the Melanoma Research Alliance — the leading funder of cutting-edge melanoma research. *With your help, a cure may be within reach.*

# WHO GOT IT RIGHT?

*Project Runway's* **Tim Gunn** weighs in on which celebs “make it work” best

Jessica Alba

Mena Suvari

**TIM SAYS: Pay attention to proportion**

“Jessica’s top casually cascades over the waistband, balancing out her jeans. Mena’s are too high-waisted with her shirt tucked in so tightly—it feels forced.”

Kesha

Kristin Cavallari

**SHEER KNIT & CUTOFFS**

**TIM SAYS: Add polish**

“From her see-through top to those raggedy shorts, Kesha’s outfit is messy. Kristin was smart to wear a camisole, and her longer shorts and sleek accessories are effortless.”

Maria Menounos

Pam Anderson

**BLACK TOP & WHITE SKIRT**

**TIM SAYS: Don’t overdo it**

“Maria’s fitted-shirt, skirt and flats look adorable. Pam’s top is way too revealing, and her hat and heels are distracting.”

A woman with brown hair in a high ponytail, wearing a bright yellow strapless dress, is the central figure. She is holding a pineapple in her left hand, which is decorated with a cocktail umbrella and a cherry. She is also holding a black tote bag over her right shoulder. The bag features the text "Joie de Vivre" in a gold, cursive font, surrounded by colorful floral and leaf patterns. She is looking over her shoulder with a playful expression, holding a small object near her mouth. The background is a vibrant pink with a repeating pattern of tropical and travel-themed illustrations, including flowers, pineapples, lemons, hats, cars, and travel items like a passport, a ticket, and a coffee cup. The text "Bon Voyage" is repeated in a cursive font throughout the pattern.

# HYDRATION

the key to skin that glows from within

## Introducing Neutrogena® Hydro Boost Water Gel.

Has your skin started to lose its get up and glow? Dehydration is a common culprit. Formulated with hyaluronic acid, new Hydro Boost is clinically proven to quench skin instantly and release continuous hydration all day. Skin is plump, deeply hydrated, and back to its glowing self.

- Lightweight gel texture
- Oil free

### WHAT IS HYALURONIC ACID?

Hyaluronic acid (HA), naturally found in skin, is a powerful hydrator that holds up to 1,000 times its weight in water. It plays a critical role in keeping skin cells\* hydrated and "plumped," resulting in supple, youthful-looking skin. We lose Hyaluronic acid over time, but the added HA in Hydro Boost works to help keep skin hydrated and smooth, with a healthy-looking glow.

## MEET THE STYLE HUNTERS

This month, we asked Style Hunter and  
**TheOutfit.com Contributor** Lauren Slade  
of *StyleElixir* and *Bloggers Closet* to share  
her favorite summer styles.

### Q: What's your Spring/Summer Style essential?

**A:** A fabulous hat! Fedoras or a wide-brim  
floppy style are perfect. It will add instant  
summer cool to your outfit and is fantastic  
for beach days when you're too busy having  
fun to worry about your hair.

### Q: What's your favorite look to beat the heat?

**A:** My go-to outfit includes sunglasses,  
a relaxed white dress and gold metallic  
sandals. As soon as you put on a great pair  
of shades (I love Ray-Ban aviators, especially  
the mirrored style), you are guaranteed to  
look summer ready. A cute white dress will  
take you from beach to bar and as for the  
gold sandals, these look amazing with  
a tan and will match anything! To create  
a relaxed boho feel, simply finish your look  
with a loose braid.

### Q: What's your top Spring/Summer trend?

**A:** I love anything nautical... think crisp  
white, navy or stripes. These colors are  
always on-point for summer and create  
a fabulous base for adding your own  
personality—perhaps a little metallic gold  
or a pop of your favorite bright color!

# I'M SO INTO...

Here's what our fashion director **KATE DIMMOCK** is loving this month

## BANANA'S NEW LOOK

I've been obsessed with designer Marissa Webb ever since she launched her line two years ago, so I'm beyond excited that she's now the creative director at Banana Republic. She's bringing her glam-meets-tomboy vibe to the clothes, like this roomy cargo vest with a cinched waist.

BaubleBar "Ottoman Fringe Bib" metal and acrylic necklace, \$68; [baublebar.com](http://baublebar.com)

## BAUBLEBAR X ALE BY ALESSANDRA

Boho babe Alessandra Ambrosio is BaubleBar's latest "guest bartender." On tap? Lots of chunky jewels that reflect the Brazilian model's easy breezy attitude.

**Olivia's Simple but Chic Outfit**  
Sometimes less *really* is more. That's why I love this minimal top and jeans combo—it's not complicated and really lets her special fringe clutch take center stage.

Olivia Palermo in Reiss jeans with a CH Carolina Herrera clutch.

And when you're craving something sweet, indulge in **NEW Special K** Divine Fudge Brownies.

HOW DO ACTORS HIT REFRESH AND TAKE ON NEW ROLES? HOW DO THEY RISE UP FROM CRUSHING DEFEATS? **ALEXANDRA POMALES** SPILLS HOW SHE DUSTS HER LIGHT OFF TO KEEP IT SHINING BRIGHTLY.

## A Light Breeze

The acting life can be glamorous, but also takes sacrifice and carries you far from family. Growing up, my mom always kept the windows open. If I'm homesick, cracking a window open, and feeling the breeze, reminds me of home.

## Rebooting

I'm a bundle of energy, with a full life. But even I can start dragging. If slow-downs strike, I do a dance routine outdoors and instantly feel refreshed.

## Role Playing

Each character is different. To bring a fresh perspective to a new role, I listen to music the character would pick. I relax and imagine what it's like to be her.

## A Brand New Day

In Hollywood, as in life, challenges exist. To stay upbeat, I remember my acting coach's best advice: Tomorrow is a new day.

With Glade® Clean Linen®, let the refreshing scent of line-dried laundry, with a modern twist of sunny citrus, rekindle Sunday-afternoon ease. Feel Fresh and New. Feel Glade®.

## SECRETS FROM A STAR STYLIST

Salvador Perez, costume designer of *Pitch Perfect 2* (out May 15) and *The Mindy Project*, spills his tips for dressing a curvy figure

### Show Off Your Body

"A sheath dress and pencil skirt should be your go-to's—they'll skim your curves, highlighting your waist and lengthening your frame."

### Ruching is Not Your BFF

"You might think it's a secret weapon, but too much ruching adds bulk. If you're really set on it, look for smaller ruching that lies close to the body."

### Be a Risk-Taker

"Don't be afraid to play with trends, colors and shapes! In *Pitch Perfect 2*, I dressed Rebel in a lot of pieces from Eloquii—all of their stuff is fashion-forward and fun."

## So, How Much Do You Want To Spend?

Steven Kivel, president of Central Watch in N.Y.C., reveals the features you'll find at every price point

### UNDER \$150

You'll find great materials like stainless steel and leather, but you'll also come across alloy metals. Our tip: Skip alloy, which could warp beyond repair over time.

### \$150-\$500

In this range, you'll score a sapphire crystal face—it makes your watch hard to scratch. You can also get water-resistance—go for at least "3atm" (it's a term for how much water pressure it'll withstand).

### OVER \$500

Investing not only means you will pick up a watch you can pass down, but you can also opt for cool functions, like knowing which phase the moon is in. Plus, you'll nab an even more durable sapphire crystal face.

BECAUSE SOMETIMES, A GIRL'S GOTTA WALK.

The Skechers GOwalk 3 is made with our latest high-rebound comfort innovation, Goga Mat® Technology. Adaptive Go Pillars™ underfoot create the softest ride you could ever imagine.

# SPEAK THE LINGO

It can be our little secret that you've always been scared to ask what a bezel is. Study up on common terms so you're never confused by the guy behind the watch counter again

## COMPLICATION

It sounds like a bad thing, but it's not! This just refers to any added function, like a calendar.

## CASE

Also known as the metal chamber that holds it all together.

**Citizen Eco-Drive "Ladies' Straps"**  
leather and stainless steel watch, \$150;  
citizenwatch.com

## BEZEL

A fancy word for something simple—it's the rim around the watch face.

## MECHANICAL MOVEMENT

It functions without a battery. Mechanical watches are either automatic or require a daily wind to keep ticking.

OR

## QUARTZ MOVEMENT

## 1 Mix finishes for a stunning look

Layering textures makes your outfit more interesting, and the same goes for your makeup. Pair matte lips with glossy lids—it's so modern, says Sarah Lucero, global artistic director for Stila Cosmetics.

## 2 Wash tools with saddle soap

It's gentle enough for makeup brushes and sponges. Wet them first, dip in saddle soap, then wipe back and forth to get the gunk out, says celeb makeup artist Ashunta Sheriff.

### Wake up sleepy eyes with a nude pencil

So you were up late—no one needs to know you're running on fumes. For a wide-awake appearance, lighten your eyes' inner lower rims with a beige liner. Just stick to the area below the iris for a more natural look, says Chanel celeb makeup artist Kate Lee.

### 4 Go to the beauty counter with casual makeup

**on** This can help the salesperson get to know your style and customize a consultation, says Laksmi Sam, Nordstrom East Coast beauty director.

**5 Mimic a natural flush** Swirl peach blush on cheekbones, then add pink to the apples. The diffused combo is so sweet, says celeb makeup artist Kristofer Buckle.

**6 Use milk of magnesia as a primer** Smooth on a thin layer to control shine, says Gilbert Soliz, Marc Jacobs Beauty makeup artist.

### 7 Anti-age while getting ready

Slap on hydrating undereye patches (Talika Eye Therapy Patch, \$67 for six pairs; dermstore.com) and do your eyes, says makeup artist Allan Avendaño. Remove and finish the rest of your makeup.

### 8 Do your face fast with the power of three

Need to rush out the door? Get a polished face by doing one thing each to your eyes, lips and skin, like liner-gloss-BB cream, says makeup artist Andrew Sotomayor.

## 9

Urban Decay Mascara Resurrection, \$16; urbandecay.com

### Take your lashes from day to night

Hitting happy hour? Don't add more mascara to what's already there—it will make lashes clumpy. Thin out your daytime coat first by brushing through lashes with a spoolie dipped in oil-free makeup remover, says Sheriff. Or use a mascara-softening serum (like the one above)—it has the same effect.

### CELEB TIP

## “

### Center your look around your lipstick

“It's a great way to bring a whole outfit together or feel dressed up quickly. If I want to make less of a statement, I go with something soft and sheer, and if I don't mind the extra attention, I opt for a matte texture. For the red carpet, I often play with brights.”

**Lupita Nyong'o, Lancôme brand ambassador**

# 11

## Master your everyday look with five brushes

It all starts with the right tools, and celeb makeup artist Nick Barose says these basics are all you need

**A. DUAL-ENDED SPOOLIE & ANGLED BRUSH** The stiff slant brush is great for adding color to your brows and applying gel eyeliner, while the spoolie softens filled-in arches and tames unruly hairs.

**B. SHADOW BRUSH** Not too big, not too small, this soft, flat style is the ideal size for sweeping shadow across your lids.

**C. CONCEALER BRUSH** The flat side slides into the nooks and crannies around your eyes and nose where you tend to have discoloration,

and the tapered tip makes camouflaging annoying little blemishes a cinch.

**D. LIP BRUSH** Most are pointed, but this angled and slightly curved version makes it easy to precisely follow the lines of your lips.

**E. POWDER BRUSH** This fluffy medium-size brush gently skims the face, so it won't leave any streaks behind. Use the tip for powdering your T-zone and adding a pretty flush to cheeks, and use the side for dusting on bronzer.

## Define brows with two shades—a light and a dark

Use the lighter one to fill any holes near the front of your brow and the darker to define the arch and tail. The front of your brow typically has more hairs, so a deeper shade there will look too heavy, says Lucero.

### 13 Contour in two (yes two!) easy steps

Okay, you've watched the YouTube tutorials, but you still have no clue how to do it. We asked celeb makeup artist Mario Dedivanovic (Kim's his client) to give us a lesson.

**SHADE** After smoothing on foundation, make a fishy face. With your fingers, apply a contour cream that's two shades darker than your skin from ear-level to where your cheeks are hollow. Use whatever is left on your finger to trace along your hairline and jawline. Blend everything with a damp sponge.

**ILLUMINATE** Apply a pearly or golden highlighting cream where the light naturally hits your face—the tops of your cheekbones, the bridge of your nose (stop right before the tip) and your cupid's bow. Then blend like you really mean it with a damp sponge.

## 14 Research products on Instagram

“I look up the hashtag #empties to see beauty products people have used to the last drop. I recently discovered Supergoop's CC cream this way. It does a great job evening out my skin. I see why it's so popular now!”

### 15 Enhance eyes subtly with bright mascara

The trick to making bold mascara more wearable is to pair it with black. Apply the vibrant shade, then layer the inky formula on just the tips. People will notice the color only when you blink, says Barose.

### 16 Test lipsticks on fingertips

The color and texture of the skin on your fingertips is closer to your lips than the back of your hands, says celeb makeup artist Moani Lee.

### 17 Quickly undo mistakes with micellar water

It looks and feels like water, but this no-rinse cleanser is great for taking off makeup—even waterproof formulas—without leaving behind an oily residue. Just dab it on with a Q-Tip to fix common mishaps like runny eyeliner, says Lee.

**18 Customize at-home color** Your ends are drier and absorb more color than roots, so apply the hue you want on the top half of your hair, then use a slightly lighter shade on the tips, says celeb colorist Ian McCabe. Another option: Use a kit that has different formulas for roots and ends.

**19 Hold sideswept bangs in place with lash glue** Sounds strange, but it actually works really well! Dab a clear formula on your forehead and swoop fringe on top to keep it perfectly sideswept, says blogger Stephanie Brinkerhoff.

**20 Bring four pics to your salon appointment** Show three examples of a cut or color you love and one that you don't so you're on the same page as your stylist, says McCabe.

**22 Beach-ify hair by its length** A soft wax defines short styles, says celeb stylist Anh Co Tran. A salt spray brings movement to mid-length looks, while a texturizing spray won't weigh down long hair.

**23 Fill out your hairline with shadow** Add pomade to a toothbrush, dip it in an eye shadow that matches your hair, and brush it on sparse spots, says celeb stylist Ken Paves.

## 25 Alternate curling directions for easy waves

Wrap the middle of a two-inch section of hair around a curling iron one way for five seconds. Then wrap the ends the opposite way. It makes waves look natural, says Suave Professionals celeb stylist Marcus Francis.

## CELEB TIP

**“Master easy go-to styles**  
“When I want something edgy, I stick with a bun. Otherwise, I like tousled waves—I get them by sleeping with my wet hair in a bun and unraveling it in the A.M.”  
**Rosie Huntington-Whiteley,**

## 27 Score A-list highlights with two tones

That's what celeb colorist Rita Hazan does for J.Lo. Go for caramel and toffee if you're brunette, copper and gold if you're a redhead and honey and light gold if you're blonde.

**28 Create volume with a fork** Need a little lift and don't have a comb? Tease your crown with the plastic fork from your takeout order, says Polly Blitzer, founder of BeautyBlitz.com.

**29 Add shine with club soda** Pour it on the scalp and let it drip to the ends right after you wash, says celeb stylist Ryan Nickulas. The bubbles remove the product buildup that dulls strands.

### Soften skin with a drugstore fave

Kusmi Spearmint Green Tea, \$15 for 20 tea bags; [us.kusmitea.com](http://us.kusmitea.com)

**31 Think of your products as a glaze, icing or frosting** This helps you gauge how much to use. For a serum or oil, a light layer like a glaze is enough, says dermatologist Dr. Doris Day. Think icing for lotion or cream since you need a bit more, and for masks, apply a thick, frosting-like coat.

**32 Use a cucumber for a totally refreshing facial** With a cheese grater, shred a cup of cucumber, slather it all over your face and let it sit for 10 minutes. It calms, de-puffs and leaves your skin soft and supple, says Kayleen McAdams, CK One Color global makeup artist.

**33 Soothe a pimple with green tea** Place a damp or used tea bag on top of your blemish for two minutes. The caffeine and the antioxidants are great for decreasing inflammation, says Dr. Day.

### A. DULL SKIN

A formula with prickly pear is the way to go—it has antioxidants like vitamin E, which are great for brightening skin and giving you a radiant glow.

### B. DRY SKIN

One with avocado extract will be extra hydrating. Use it on its own, or mix it with your moisturizer for an extra boost, says dermatologist Dr. Joshua Zeichner.

### C. SENSITIVE SKIN

What you need? Something that contains chamomile. It has anti-inflammatory properties that reduce redness, explains Dr. Zeichner.

## STAFF TIP

35

**Maximize your cleansing brush**

**Arielle Franklin,**

**36 Skip the morning lather** Skin repairs itself with natural oils, lipids and peptides during sleep, so it's in great condition by the time you wake up. Washing or scrubbing in the A.M. takes those natural skin-boosters away, says dermatologist Dr. Ellen Marmur. If you're oily, try just splashing your face with water.

**Acne-prone? Flip your pillow**

When you wake up with a zit, your pillowcase may be to blame. It collects bacteria and oils from your skin and hair, which get on your face and clog your pores. Turn your pillow nightly and change the case every other day, says celeb esthetician Renée Rouleau.

Philosophy Time In A Bottle Daily Age-Defying Serum with High-Potency Vitamin C Activator, \$75 for set; philosophy.com

**38 Protect in the P.M.**

Who knew? Anti-oxidants can take up to two hours to absorb into skin, says dermatologist Dr. Neal Schultz, so apply them at night to give them time to soak in. Adding another layer in the morning acts like an extra shield.

**39 Don't fly without SPF**

Rays are way stronger when you're on a plane because you're much closer to the sun. Before you board, put on sunscreen with SPF 30 or higher, says Dr. Marmur.

**40 Boost circulation in downward dog**

Try the yoga move or hang your head over the side of your bed for three minutes to keep blood flowing to your face, says Rouleau.

**42 Treat your hands like your face** The skin on the back of your hands is as thin as that on your face, so it's prone to showing early signs of aging, says Dr. Zeichner. Keep your hands youthful by applying sunscreen during the day and treating spots and lines at night with an anti-aging serum.

**43 Erase stains with denture tablets** Can't get that red polish to come completely off? Dissolve three tablets in a bowl of lukewarm water, soak your digits for 15 minutes, then buff with a toothbrush, says nail artist Miss Pop.

**44 Chip-proof your matte mani** Matte topcoats can chip quickly on their own. Achieve staying power by sealing your mani with a longwear topcoat before applying the matte one, says celeb nail expert Tracylee.

### Pick the right brush for you

Everyone's nails are different, so brushes aren't necessarily one-size-fits-all, says Julie Kandalec, Paintbox creative director. To help you get a better mani, she breaks down the best brush for your nail shape.

**A. SMALL NAILS**

Skinny bristles mean more control, which you need when working with an itty-bitty space.

**B. WIDE NAILS**

The wider the brush, the faster and more even your mani will be.

**C. FLAT NAILS**

A flat brush with a rounded tip fans out easily, hugging the sides of the nail.

## Strengthen nails with a crystal file

Unlike an emery board, this tool seals, not shreds, the nail's edge. That's a fancy way to say that it makes nails less prone to peeling and breaking. It's gentle enough to use in a back-and-forth motion too, says Tracylee.

## 46 DIY with a mascara wand

Use a disposable one to get these artsy looks created by Kandalec.

### A. GLITTER

Dip the wand in loose glitter and tap it over wet polish.

### B. SPLATTER

Add polish to the wand, then dip it in remover to thin it out. Flick over painted nails.

### C. PAINTERLY

Brush a clean wand across wet polish to wipe off color.

## 47 Speed up drying time with a blow-dryer

Hit your nails with a cool shot for 60 seconds between coats. Letting each layer dry prevents smudging, says celeb nail stylist Jenna Hipp.

## 48 Punch up neons with white

If your polish doesn't look as fluorescent on your fingers as it does in the bottle, try layering an opaque white polish underneath, says Tom Bachik, L'Oréal Paris global nail artist.

Rihanna

## 49 Clean under nails too

Don't just wipe the surface of your nails with acetone before applying polish; swipe under the tips as well. Oil hides there that can seep through nails and cause chipping or peeling. A cotton ball won't get in there, so use an old paint brush, says Katie Jane Hughes, Butter London global color ambassador.
